Put your South Australian event  
or fixed venue name here

This event has adopted GREEN principles and has strategies in place to reduce waste sent to landfill by following the 3 Rs:

## REDUCE – REUSE – RECYCLE

While working at this event/venue, **YOU MUST**

- use the separate bins at the rear of the caterer's area to dispose of materials
- take time to familiarise yourself with the different bins
- place the correct waste in the appropriate bin.

### Compostables (green label)

Anything that will break down in compost including:

- foodstuffs (preparation, leftovers)
- small cardboard boxes
- paper towel and serviettes
- tea bags
- egg shells
- corks.

Insert image  
here if desired.

### Recyclables (yellow label)

Anything that can be recycled including:

- tins and cans (e.g. from canned tomatoes)
- aluminium cans
- milk containers
- icecream containers
- yoghurt containers
- large cardboard boxes.

**Thank you for helping to make this a successful GREEN event/venue.**
